The above example assumes all premiums are paid when due and no early surrender nor indebtedness. Except guaranteed cash value, the above projected figures are neither guaranteed nor actual benefits receivable in the future. Actual dividends are not guaranteed and are declared at Well Link Life's discretion. Levy on insurance premium is excluded in the example. The figures and percentages in the examples may differ slightly due to rounding. If policyowners of RMB-denominated or USD-denominated policies choose to pay premium in local currency other than the policy currency(ies), the actual amount paid by policyowners will be subject to the prevailing exchange rate between the policy currency and the local currency as determined by the Company from time to time.

紅利理念 Dividend Philosophy

我們發出分紅保險計劃，為保單權益人提供非保證紅利。這些保險計劃乃專為長期持有人士而設，您所繳交的保費將按照我們的投資策略投資於不同投資組合，而保單保障或開支費用將適當地從保費或資產中扣除。您的保單可以分享相關產品組別之盈餘（如有），而產品組別將由我們釐定。我們致力確保保單權益人和股東之間得到合理的利潤分配；以及不同組別之保單權益人之間，得以公平的方式分配利潤。

我們將至少每年檢視和釐定一次紅利，當中會考慮到每個因素的過往經驗和未來展望，包括但不限於以下因素：

投資回報：包括產品相關資產的利息收入和市場價值之任何變化。視乎產品的資產分配，投資回報可能受到利息收入波動（利息收入和利率前景）和各種市場風險的影響，包括信貸息差和違約風險，股票類資產價格波動；和相關資產對應於保單貨幣的外匯波動。

退保：包括保單退保、部分退保或保單失效；以及其對相關產品資產的影響。

索償：包括就產品提供身故賠償和其他保障利益的成本。

費用：包括與保單直接相關的費用（例如佣金、承保費、繕發和保費繳交的費用）；和分配至產品組別之間接開支（例如一般行政費用）。

未來的投資表現無法預測。為了緩和投資表現的波動及提供更穩定的紅利，我們可能只會將某特定週年的部份利潤或虧損分配予保單權益人，以抵銷短期內的投資波動對紅利的影響。實際公佈的紅利及分紅可能與現有產品資訊中所提供的說明不同（例如保單建議書）。如實際紅利與建議書說明有所不同，或預測紅利 / 分紅表現有所修訂，將於保單週年通知書中列明。

由委任精算師審閱及認可的建議紅利 / 分紅將由公司董事會（包括一個或以上獨立非執行董事）審議批准。董事會及委任精算師會善用每位成員的知識、經驗和觀點去管理潛在利益衝突，確保保單權益人和股東，及不同組別之保單權益人都得到公平待遇。

您可瀏覽網址 <https://www.wli.com.hk/tc/dividend>，了解本公司過往派發紅利的資料作參考用途。請留意過往紅利資料或表現並不能作為未來表現的指標。

We issue participating insurance plans, which offer the policyowners with non-guaranteed dividends/bonus. These insurance plans are designed to be held long term. Your premiums will be invested in an investment portfolio to support those policies according to our investment strategy, with the cost of policy benefits and expenses deducted as appropriate from premiums or assets. Your policy can share the divisible surplus (if any) from related products determined by us. We aim to ensure a fair way of sharing profits between policyowners and shareholders, and among different groups of policyowners.

The Company will review and determine the dividend / bonus at least once a year, taking into consideration both past experience and future outlooks for all the factors including, but not limited to, the following:

Investment returns: include both interest earnings and any changes in the market value of the products' backing asset. Depending on the asset allocation of the products, investment returns could be affected by fluctuations in interest income (both interest earnings and outlook of interest rate) and various market risks, including credit spread and default risk, fluctuations in equity-like asset prices and currency fluctuation of the backing asset against the policy currency.

Surrenders: include policy surrender, partial surrenders and policy lapse; and the corresponding impact on investment backing the products.

Claims: include the cost of providing the death benefit and other insured benefits under the product.

Expenses: include both expenses directly related to the policy (e.g. commission, underwriting, issue and premium collection expense) and indirect expenses allocated to the product group (e.g. general administrative costs).

Future investment performance is unpredictable. Through our smoothing process, we aim to deliver more stable dividend / bonus payments. To stabilize the dividend / bonus, we may distribute a proportion of the financial performance in a particular year attributable to the policyowners, with an aim to smooth out the short-term volatility of dividend / bonus rate over the course of the policy term. The actual dividends and bonuses declared may be different from those illustrated in any product information provided (e.g. benefit illustrations). If there are any changes in the actual dividends / bonuses against the illustration or in the projected future dividends / bonuses, such changes will be reflected in the policy anniversary statement.

The dividend / bonus recommendation, which is reviewed and endorsed by the Appointed Actuary, will be approved by the Board of Directors of the Company, including one or more Independent Non-Executive Directors. The Board and Appointed Actuary will utilise the knowledge, experience, and perspectives of each individual member to manage the risk of conflict of interests, in order to ensure fair treatment between Policyowners and Shareholders, and among different groups of Policyowners.

You may visit <https://www.wli.com.hk/en/dividend> to understand the Company's dividend history for reference purpose. Please note that past performance of dividend is not an indicator for its future performance.

投資理念、政策及策略 Investment Philosophy, Policy and Strategy

我們的投資理念是追求穩定的投資回報以支持產品，以向保單持有人提供長期價值保證利益，同時符合立構人壽的業務及財務目標。

我們的投資政策旨在實現長遠投資目標，同時減少投資回報的波動；並致力控制和分散風險，維持充足的流動性，並按負債狀況管理資產。

在一般情況下，本計劃下保單的資產主要包括：

目標資產類別	資產組合（%）
固定收益工具或有息證券（包括但不限於政府及企業債券等）	55% - 75%
股票類資產（包括但不限於股權類投資、互惠基金、物業投資等）	25% - 45%

我們目前的長期投資策略是將資產因應產品的負債分配到固定收益工具或股票類資產。我們的目標資產組合致力提供在可接受的範圍內地域性及行業的多元化。特別是：

- 固定收益工具主要包括政府、超國家機構、金融機構和企業發行的債券和債務證券，主要投資於香港、中國、北美、歐洲和亞太區。
- 股票類資產包括普通股、優先股，交易所買賣基金以及房地產投資等。這些股票類資產主要投資於香港、中國、北美、歐洲和亞太區。

此外，我們可能會通過衍生工具和其他金融協議來優化我們的投資策略，以實現高效和有效的風險管理。

在最大努力的基礎上，我們主要透過配對資產投資與負債的貨幣以降低貨幣風險。視乎市場供應，可能會投資於貨幣掉期交易等衍生工具以降低貨幣風險。資產投資組合是由投資專業人士密切管理。投資策略可能會根據市場狀況和經濟前景而變動。如果投資策略發生任何重大變更，我們會告知保單權益人相關變更、原因以及對保單的潛在影響。

Our investment philosophy is to deliver stable returns which are in line with the product, therefore to provide long-term values and meet guaranteed benefits committed to our policyowners, as well as the Company's business strategy and financial objectives.

Our investment policy aims to achieve long-term target investment returns while minimize the corresponding volatility in investment returns over time. It also aims to control and diversify risk exposures, maintain adequate liquidity and manage the assets with respect to the liabilities.

Under normal circumstances, the assets supporting the policies under this plan mainly consist of the following:

Asset Class	Asset Mix (%)
Fixed income instrument or interest-bearing securities (including but not limited to government and corporate bonds, etc.)	55% - 75%
Equity-like assets (including but not limited to equity investment, mutual funds, properties investment, etc.)	25% - 45%

重要資訊 Important Information (續 Continued)

Our current long-term target strategy is to allocate assets attributed to the liability of our products into fixed income instruments or equity-like assets. The asset portfolio also targets to provide diversification across different geographic regions and industries to the extent the size of portfolio can support. In particular:

- The fixed income instruments predominantly include bonds and debts securities issued by governments, supranational, financial institutions and corporates. They are mainly invested in the geographic region of Hong Kong, China, North America, Europe and Asia-Pacific.
- Equity-like assets may include common stocks, preferred shares, exchange traded funds, and other alternative investments such as real estate investments. These equity-like assets are mainly invested in Hong Kong, China, North America, Europe and Asia Pacific.

In addition, we may complement our investment strategies with the use of derivatives and other financial agreements to achieve an efficient and effective risk management.

We mitigate currency risk by primarily matching the currency of asset investments to the underlying liabilities denomination at best effort. Derivatives such as currency swap might be used to mitigate currency risk, subject to market availability.

The asset portfolio is actively managed by investment professionals to closely monitor the investment performance. The investment strategy may be subject to change depending on the market conditions and economic outlook. Should there be any material changes in the investment strategy, we will inform policyowners of the changes, with underlying reasons and potential impacts to the policies.

Policyowners are subject to the following risks:

流動資金風險 Liquidity Risk

保單權益人可於保單生效期間申請保單貸款，惟此舉會減少身故賠償金額。如保單權益人於保單期滿前提早退保，保單權益人只能收取扣除保單所有欠款後的退保利益，而該款項或會遠低於已繳交之保費總額。

Policyowners may choose to apply for a policy loan while the policy is in force. But this may reduce the death benefit. If Policyowners surrender the policy before maturity, they may only receive the surrender benefit with all the indebtedness of the Policy deducted which may be significantly less than the total amount of premiums paid.

信貸風險 Credit Risk

本計劃為本公司發行的保單，保單權益人會受本公司的信貸風險影響。保單權益人支付的保費將成為本公司資產的一部分，所以保單權益人受到本公司的信貸風險影響。本公司的財務實力可能影響本公司履行本保單契約的能力。

The Plan is an insurance policy issued by the Company. Policyowners are subject to the credit risk of the Company. Any premiums you paid would become part of the Company's assets and so you will be exposed to the Company's credit risk. Financial strength of the Company may affect the Company's ability to meet the ongoing obligations under the insurance policy.

保單貨幣風險 Policy Currency Risk

保單權益人須承擔保單貨幣風險。如您選擇本計劃的貨幣為非本地貨幣，或若您選擇以本保單貨幣以外的貨幣支付保費或收取利益（包括退保或身故賠償），您所支付或收取的金額會因保單貨幣及本地貨幣的現行兌換率而改變，本公司會不時決定該兌換率。兌換率的波動可能會影響支付金額，包括但不只限於保費、保費徵費及利益金額。

Policy currency risk is borne by policyowners. If the Plan you choose is denominated in currencies other than local currency, or, if you choose to pay premium or receive benefit (including surrender or death benefits) in currencies other than the policy currency(ies), the actual amount paid or received by you will be subject to change according to the prevailing exchange rate to be determined by the Company from time to time between the policy currency and the local / payment currencies. The fluctuation in exchange rates may have impact on the amount of payments including but not limited to premium payments, levy payments and benefit payments.

通脹風險 Inflation Risk

保單權益人應留意通脹會導致未來的生活成本增加。因此，保單權益人現時預備之保障有可能無法應付未來的需求。

Please note that the cost of living in the future is likely to be higher than it is today due to inflation. Hence, the insurance coverage planned today may not be sufficient to meet your future needs.

保費徵費 Premium Levy

保險業監管局將按照適用之徵費率透過本公司對保單收取徵費。保單權益人須支付徵費以避免任何法律後果。有關保費徵費詳情，請瀏覽本公司網頁 www.wli.com.hk。

Levy collected by the Insurance Authority through the Company will be imposed on the policy at the applicable rate. Policyowners must pay the levy in order to avoid any legal consequences. For details, please visit our website at www.wli.com.hk.
